Destination: Waterbody or city/town:		How Many Days/Years in Water?	
State:		Anticipated Travel Date:	

**To Be completed by the person transporting the vessel from Lake Mead NRA**

I affirm that the above information is true. I understand that the vessel may not be transported from the inspection site or other location as authorized by the Nevada Department of Wildlife until such time as a vessel has been properly inspected and drained for all aquatic invasive species. I further understand that it is unlawful to transport AIS (e.g., quagga mussels) under NRS 503.597 & NAC 503.110 & Chapter 488 and transport is subject to penalty. I understand I can schedule a free-of-charge decontamination by calling 702.757.5757, seven days per week at LMNRA.

Signed (owner/transporter):	Date:
-----------------------------	-------
